RESPONSE TO DECISION ON PETITION DATED SEPTEMBER 30, 2009

Applicants hereby submit a request for reconsideration of the Decision on Petition dated September 30, 2009. The two-month deadline for response is November 30, 2009. Applicants believe that this response is being timely filed. However, in the event that Applicants are incorrect, please charge any necessary fee to Deposit Account No. 23-2415, referencing Docket No. 34149-712.831. Applicants respectfully request reconsideration of the petition filed in this matter on June 2, 2009.

REMARKS

On June 2, 2009, Applicants submitted a Petition for Revival of an International Application for Patent Designating the U.S. Abandoned Unintentionally Under 37 CFR 1.137(b). On July 29, 2009, a Decision on Petition was mailed to Applicants. Applicants thank Examiner Dombroske for finding that the petition satisfies the requirements for satisfactory statement of unintentional delay, confirms that no terminal disclaimer is required, and satisfies the requirements for Deposit Account authorization in the amount of \$810. The Examiner's Decision on Petition indicates that the Petition for Revival has been denied based on an alteration of inventor Steven Masterson's mailing address on the declaration filed on June 2, 2009, which alteration was not initialed by Mr. Masterson at the time of filing.

Applicants subsequently submitted a newly-executed declaration by Mr. Masterson reflecting his correct mailing address with no alterations and paid a second Petition for Revival fee. Applicants further resubmitted the declarations of the other inventors along with a copy of the Petition for Revival as originally submitted on June 2, 2009. Thus, in *both* the Petition for Revival submitted on June 2, 2009, and in the August 6, 2009 renewed petition for revival, the declarations of the entire inventive entity was submitted. The submission of August 6, 2009 corrected that which was deficient in the June 2, 2009 submission namely, Mr. Masterson's declaration; however, it also included the declarations of the other inventors from the June 2, 2009 submission—albeit not on sequential pages. The fact that these declarations were not provided in a sequential set of pages does not diminish the fact that all declarations were submitted and that Applicants have identified the entire inventive entity in the August 6, 2009 submission.

Nevertheless, on September 30, 2009, a Decision on Petition was mailed to Applicants indicating that full inventorship was not disclosed on the new declaration bearing Mr. Masterson's unaltered mailing address—despite the fact that the declarations of the other two inventors were also sent along with Mr. Masterson's newly-executed declaration in Applicants' August 6, 2009 submission. It is arbitrary and capricious to deny the second submission of the declarations of the entire inventive entity simply because these documents were not presented sequentially. The totality of the submission on August 6, 2009 as well as

inventorship itself make it clear that a full record was presented and the entire inventive entity was identified.

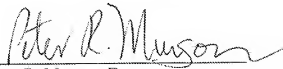

In an effort to advance the Petition for Revival to grant, Applicants herewith submit a revised declaration by Mr. Masterson identifying the entire inventive entity on sequential pages, along with a copy of the previously-submitted declaration bearing the un-initialed change to Mr. Masterson's mailing address and the declarations of the other two inventors Mr. Bernard and Mr. Hannaman and a copy of the Petition for Revival as originally submitted on June 2, 2009.

CONCLUSION

Applicants respectfully request reconsideration by the Examiner of the Petition for Revival. It is believed that the submission of August 6, 2009, alone or certainly in combination with the submission of June 2, 2009, was complete and sufficient to satisfy the deficiencies noted by the USPTO. For this reason, it is urged that no additional fees should be required for the USPTO to grant this petition. However, in the event that any additional petition fee is deemed necessary, the Commissioner is authorized to charge any additional fees which may be required, including petition fees and extension of time fees, to Deposit Account No. 23-2415 (Docket No. 34149-712.831).

Should the Examiner have any questions, the Examiner is encouraged to contact the undersigned attorney at (858) 350-2300.

Respectfully submitted,
